Change in Supervision Reporting Requirement

The Board discussed the requirement that an OT/L and OTA/L are required to provide change in supervision to the Board in writing. It was discussed that physical therapists and physical therapy assistants are not required to notify the North Carolina Board of Physical Therapy Examiners of supervision of physical therapy assistants. Mr. Walsh is waiting for clarification from the executive director of the North Carolina Board of Physical Therapy Examiners that supervision in physical therapy relates to the supervision of the physical therapy treatments provided by the physical therapy assistant and not of the physical therapist assistant and also whether physical therapists and physical therapy assistants are required to notify the North Carolina Board of Physical Therapy Examiners of supervision of physical therapy assistants.

The Board agreed the extensive provisions in the Occupational Therapy Practice Act and Rules relating to supervision between the OT/L and the OTA/L serve a legitimate and important function. The Board agreed the requirement that an OTA/L and OT/L shall provide change in supervision to the Board in writing should continue and the current form should continue to be used until online change of supervision is available.

The Board then discussed and agreed to work on implementing a change to the OT/L and OTA/L online profiles so they may notify the Board of a change in supervision online by updating the online profiles of the supervising OT/L and OTA/L who receives supervision and attest to the change. Additionally, the online renewal should be amended to provide for the OT/L and OTA/L to attest that the supervision as stated in the profiles of the OT/L and OTA/L are correct.

Frequently Asked Questions

In relation to the discussion regarding notifying the Board of a change in supervision, Ms. Williams asked the Board to review the current FAQs on pages 43 and 44 of the Occupational Therapy Practice Act and Rules booklet to update the FAQs and add others that might be of assistance to applicants and licensees. Board members were asked to provide feedback on the FAQs to Ms. Williams by October 1, 2012.
